Oklahoma State Board of Education

Cameron Public School realized in the spring that the 641 budget was coded incorrectly. It was correct in the claims but not in the budget. The budget was coded 100 salaries but should have been coded 300 for contracted services for speech therapy services. Before the school had the opportunity to correct this mistake COVID-19 hit and everything shut down. When the office personnel returned back to work this issue had been completely forgotten and the correction wasn't made.

When the secretary went to make the claim and to close out the year it wouldn't let her because of this coding issue. This wasn't done intentional and the school plans on having everything claimed and closed out on time in the future.

At this time the school is asking the State Board of Education to go ahead and approve the IDEA 641 claim so it can close out the year.

If you have any questions please contact John Long at 918-654-3225.

Thank you,

To whom it may concern,

I am sorry to be making this late claim for the Project 615 Grant. As the incoming school superintendent, as of July 1, I have had to make a few amendments on the Single Sign On in GMS that were created by the outgoing superintendent. His was a late resignation, June 8, 2020, followed by the use of vacation days leading up to his last day of June 30, 2020.

I did not discover that his Project 615 Special Ed grant had been returned for changes until I began working on my FY20 Project 617 CARES assist grant. The 615 Grant had been returned to the outgoing superintendent by Janet Felton for changes because the numbers on the budget detail did not match the numbers on the other expenses.

I know the outgoing superintendent was working on the Federal Programs up until the time he left. I cannot explain why his budget detail for the registration for two teachers to attend IMSE Comprehensive Orton-Gillingham Training in Tulsa, OK did not match the amount that was actually spent. In his retirement, I can only speculate that this project, as well as others that I had to amend, did not receive the attention they should have. However, the actual cost for the attendance by the two teachers was \$2350.

I respectfully ask and would appreciate the approval of that amount since that was the actual cost for the training. that was in his budget detail. Thank you for your time and consideration in this matter.

Jerry Johnson
Fairland School Superintendent

To whom it may concern:

This letter is to explain why we had one project 615 federal claim that was late. With the navigation of COVID-19 protocol and procedures throughout the summer, I failed to submit our last invoice which was a summer workshop in June for one of our staff members. Therefore, our claims did not get submitted by August 3rd.

Please don't hesitate to contact me with additional questions.

Sincerely,

I Certify that, to the best of my knowledge and belief, this report is true and correct in all aspects: supporting documentation for all entries in the accounting records are on file and will be retained for five (5) years or until the Applicant is notified that such records are no longer needed for administrative review; and the federal funds have been expended only for the purposes they were granted.

All expenditure reports must be signed by the local Superintendent. If the local school board has authorized a different individual to sign expenditure reports, please upload a copy of the school board minutes that confirms the authorization of this signature.

HULBERT PUBLIC SCHOOLS

OFFICE OF THE SUPERINTENDENT

August 26, 2020

Joy Hofmeister
State Superintendent of Public Instruction
Oliver Hodge Building
2500 North Lincoln Blvd.
Oklahoma City, OK 73105

State Superintendent Hofmeister,

On behalf of Hulbert Public Schools, I ask you and the Oklahoma State Board of Education to approve our final Special Education Flowthrough (Project 621) claim for expenditures incurred during the FY2020 grant cycle. I realize the claim is beyond the deadline, but our inability to meet the deadline was due to a variety of circumstances beyond my control and that of many in the school district I now serve.

What follows is a brief rationale for my request based upon our past and current situation. At the end of the 2019-2020 school year, Hulbert was hit with the negative impact of the COVID-19 pandemic, like all other school districts in the state of Oklahoma. In addition, prior to my arrival as Superintendent at Hulbert Public Schools on July 1, 2020, they lost their superintendent in late February of 2020 and concluded the school year and fiscal year with an interim Superintendent. The interim Superintendent and the rest of the district personnel spent from March of 2020 through the end of the FY2020 fiscal year focused on implementing a distance learning program for students and little else. When I arrived as the new Superintendent for the district on July 1, 2020, we continued to focus on distance learning and how best to serve the educational needs of the students and families for the upcoming school year. As a first-year superintendent, I was heavily focused on that part of my role throughout the month of July given the magnitude of the efforts needed. I was aware of some of the on-line reporting requirements of the district and requested log on privileges to the Single Sign On system for Oklahoma State Department of Education staff. In early August 2020, I received my Single Sign On username and password from the Oklahoma State Department of Education, and it was at that point that I was able to access the Single Sign On and the Grants Management and Expenditure Reporting system. Needless to say, by the date that I had access to the Single Sign On and the Grants Management and Expenditure Reporting system the deadline for processing federal claims had passed. My staff and I realized our mistake of missing the claim deadline but are asking you and the rest of the Oklahoma State Board of Education to permit payment of our claim despite missing the deadline due in no small part to the various issues present in our district prior and soon after my arrival. The revenue we are requesting through this claim is critical to our district for the upcoming school year, and it is my hope that given the various circumstances I have dealt with and continue to address you will authorize payment of the late claim. Should you or your staff have further questions please do not hesitate to let me know.

Respectfully submitted,

Ms. Jolyn Choate
Superintendent
Hulbert Public Schools

 (Summary and Detailed Expenditure Reports are required)

I Certify that, to the best of my knowledge and belief, this report is true and correct in all aspects: supporting documentation for all entries in the accounting records are on file and will be retained for five (5) years or until the Applicant is notified that such records are no longer needed for administrative review; and the federal funds have been expended only for the purposes they were granted.

All expenditure reports must be signed by the local Superintendent. If the local school board has authorized a different individual to sign expenditure reports, please upload a copy of the school board minutes that confirms the authorization of this signature.
